## Vision

IMDEA Networks focuses on an area that has a profound impact on people's lives. Over the last decades, the Internet, smartphones, Wi-Fi and social networks transformed society and the economy. Indeed, the widespread access to networks has dramatically changed the way manufacturers produce and supply their goods, how public administrations operate, how professionals work and in general how individuals and society are shaped. The Internet socio-economic phenomenon continues to transform our lives at an amazing pace, and will continue to do so in the future with the deployment of new communication technologies and paradigms.

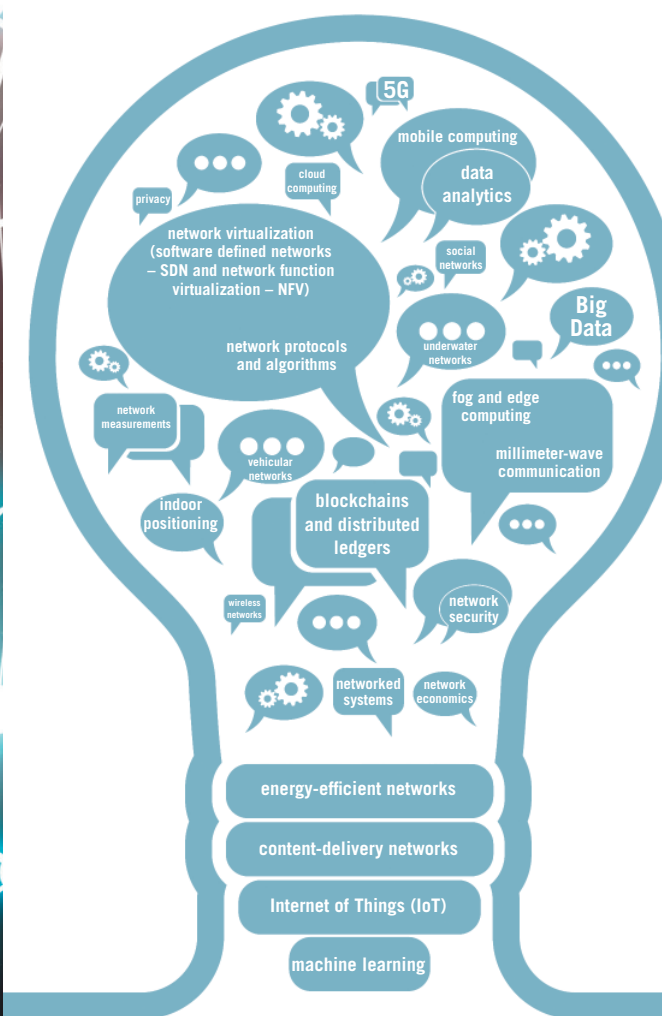

## Mission

Our mission is to create value by leading research in protocol, algorithm and systems developments that enable the **Digital Knowledge Society**. We do this by conducting research and developing innovative and useful scientific and technical advances in the above areas, while actively promoting their successful transfer to market.

## Want to have an impact on the Networks of the Future?

Our team comprises brilliant people from all parts of the world, with diverse backgrounds, experience, skills and research interests. If you're looking for a leading role in a demanding, participative, stimulating and fun research organization or you are about to embark on a professional career, IMDEA Networks has a place for you.

See our website for more information about our career opportunities.
